Find Me On:

OBJECTIVE

I am a recent graduate from Longwood University with a Bachelors Degree in Graphic & Animation Design. I enjoy obsessing over the smaller details that others may overlook. In solving creative problems, my mind tends to favor the technical aspects and seeks pixel perfection. My ultimate goal is to work in Game Development as a UX/UI Designer or 3D Technical Artist.

EDUCATION

Longwood University | Farmville, Virginia | 2014 -2018

Majored in Graphic & Animation Design with a Bachelors of Fine Arts
Graduated on May 19th, 2018

- Studied design elements, principles, visual problem solving, branding & production
- Studied 3D modeling, 3D animation, texturing, rendering & rigging
- Created a fully-playable game demo for my senior project
- Member of LAS (Lancer Animation Studios) & 3D Modeling Club

Adobe Certified Associate with Photoshop (Certiport XEP5-XLP2)
